

## Clinical research: CPU520

Protocol number: 70033093THR1010

<b>A randomized, crossover study in healthy adult participants to evaluate the oral bioavailability of a milvexian pediatric tablet formulation relative to an adult tablet formulation (Part 1), the effect of concomitant food intake on the oral bioavailability of a milvexian pediatric tablet formulation (Part 2), and the acceptability profile of different milvexian oral dispersions (Part 3)</b>				
Cohort number: Part 3 Cohort 1				
Number of subjects wanted: 9 Sex: M/F				
Date	Time	Day	Description	
Tue	13 may 2025	By appointment	Screening	Preliminary investigation <b>Fasted</b> , only drinking water is allowed
Wed	14 may 2025	By appointment	Screening	Preliminary investigation <b>Fasted</b> , only drinking water is allowed
<b>Period 1</b>				
Tue	20 may 2025	Whole day	Day 1	<b>Tastings. Ambulatory visit from morning till afternoon. Fasted</b>
<b>Period 1b (optional)</b>				
Tue	10 jun 2025	Whole day	Day 1	<b>Tastings. Ambulatory visit from morning till afternoon. Fasted</b>
<b>Period 2 (optional)</b>				
Tue	01 jul 2025	Whole day	Day 1	<b>Tastings. Ambulatory visit from morning till afternoon. Fasted</b>
<b>Follow-up</b>				
Tue	08 jul 2025	By appointment	Follow-up	Outpatient visit <b>Fasted</b> , only drinking water is allowed

**Please note that the scheduled times for the outpatient visits need to be strictly followed. The procedures conducted on these days are time-sensitive. The specific timings will be announced during your stay.**
